Special emphasis has been laid on conservation of parks of various kinds, Greens, Ridge and Rejuvenation of River Yamuna through a number of measures, and development of Special Conservation plans for listed heritage buildings and precincts. Recognizing the importance of trade as an economic driver, provision has been made for additional commercial space in the form of hierarchical centres, and non-hierarchical markets, liberalized mixed use norms and for development of new areas for informal trade. The character of Special area (Walled city etc.) and Lutyens' Bungalow zone, has been recognized and special measures have been provided for. Provisions have been made in MPD-2021 for synergy between land-use and transport, new parking policy including private sector development of parking facilities, increase in norms for parking space, multi level parking and under ground parking and integrated multimodal public transport system to reduce dependence on personalized vehicles. In addition, perspective plans for Water, Power, Drainage & Solid Waste Management of Service Agencies have been incorporated alongwith the MPD-2021

Hence, comprehensive provisions have been made in MPD-2021 to enable a concerted and balanced response to the challenges and opportunities contained in the evolving urban scenario in NCT of Delhi.

In view of the above, it may be seen that all efforts were made to eliminate deficiencies in the MPD-2021.

(d) and (e) The Eleventh Five Year Plan has not been formulated. The Approach Paper to the Eleventh Five Year Plan, as approved by the National Development Council, has set the growth target for the Eleventh Five Year Plan period (2007-08 to 2011-12) at 9% per year and aims at putting the economy on a sustainable growth trajectory with a growth rate-of approximately 10% by the end of its period. This is higher than, the average growth rate for the Tenth Plan period (2002-03 to 2006-07), which is likely to be 7.8%. Consistent with 9% annual growth target set for the Eleventh Plan, the target for growth rate of Agriculture sector is 4.1%, Industry sector is 10.5% and Services sector is 9.9%. The Approach Paper targets faster growth in all productive sectors, agriculture, industry and services, with suitable interventions in policy, infrastructure and technology during the Plan period. The sectoral details are given in the Approach Paper to the Eleventh Five Year Plan, a copy of which is placed in the Parliament library.
